The new Joomla Community Portal is now online. The Joomla Community Portal is a new web site for the Joomla community. There you will find a constant source of information about the activities powering the Joomla Project, learn about Joomla Events worldwide, and see if there is a Joomla User Group nearby. A new, monthly Joomla Community Magazine promises an interesting overview of project activities, community accomplishments, and learning material.

The Joomla Community Magazine promises to be a must read each month. Community members will take turns sharing cool Joomla 1.5 Web sites, Joomla 1.5 GPL extensions, event information, involvement opportunities, and articles about local communities.

The new JoomlaConnect™ brings together tons of Joomla news from all over the world in your language. Get the latest and greatest by clicking here .
